Mr. Gordon R. Peake  
Alaska A/V  
645 G Street  
Suite 100-895  
Anchorage, Alaska 99501

Dear Mr. Peake,

I want to thank you personally for the outstanding support Alaska A/V provided the Annual Forum and Exposition of the National Defense Transportation Association between the 22<sup>nd</sup> and 26<sup>th</sup> of September 2012. Luke Benson, Casey Guild, and you were on the ground with us all the time and proved to be true professionals.

My Executive Assistant, Colonel Mark Victorson, USA (Ret.), asked that I especially mention the exceptional performance of Mr. Dustin Clark. Colonel Victorson has handled the ever-increasing AV requirements of the NDTA Forum for the last ten years, and he informs me that Mr. Clark is among the very best specialists he has worked with in that time. Mr. Clark is not only highly technically proficient, but is also a proactive problem-solver, who is never caught off-guard. He handled all requirements quickly, decisively, and with a calm professionalism, which put everyone at ease, even in situations in which time was of the essence. He never let us down.

You can be very proud of the impression the Alaska A/V team makes on visitors and the exceptional work they do. They certainly made the NDTA Forum and Exposition a great success. Please pass on our thanks to your great team.

*Thanks for the great work!*

Sincerely,

Kenneth R. Wykle  
LTG, USA (Ret.)  
President

CF: Mr. Jim Henderson, ACVB
